COMPOSE

PENDLAR/PENDANTS

Utförande

Pendel/fäste i lackerad aluminium. Vit RAL 9016, svart RAL 9005, grå RAL 9007, grön RAL 6020. Skärmar av lackerad metall alt. klarglas, grönt glas, gråtonat glas, mattvitt glas, rå/obehandlad koppar eller mässing. Matchande textilkabel. Opalt bländskydd för ett mjukare ljus alternativt med matt klart bländskydd för mer koncentrerat nedljus. Andra färger på begäran.

LED info

Inklusive dimbar retrofit ljuskälla 4,9W 2700K alt. med inbyggd LED modul 10W dimmbar med DALI. L80 >50.000h.

Montage

I takkrok, 2,3 m kabel. Inklusive takkopp.

Anslutning

Takkontakt DCL alt. kopplingsplint 2x2,25mm² alt. 5x2,25mm².

Design

Jens Fager 2020.

Finish

Pendant/fitting in painted aluminum. White RAL 9016, black RAL 9005, grey RAL 9007, green RAL 6020. Shades in painted metal or clearglass, green glass, grey glass or matt-white glass, raw/untreated brass or copper. Textile cable in matching colour. With opal diffuser for comfort light or with matt clear diffuser for more concentrated downlight. Other colours on request.

LED info

Including dimmable LED retrofit light source 4,9W 2700K or incorporated LED module 10W dimmable with DALI. L80 > 50.000h.

Installation

In ceiling hook, 2,3 m cable. Including ceiling cup.

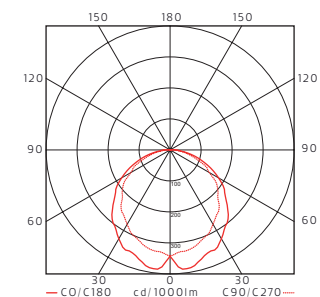

Connection

DCL plug or terminal block 2x2,25mm² or 5x2,25mm².

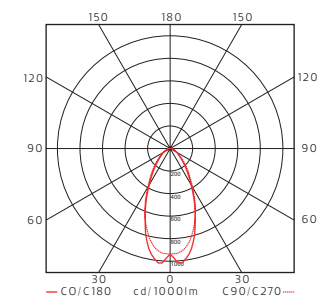

Design

Jens Fager 2020

COMPOSE är en ny lekfull lampserie designad in i minsta detalj. I sin distinkt gjutna aluminiumkropp rymmer COMPOSE den absolut senaste teknologin inom LED. Ljuset sprids mjukt och behagligt tack vare den diffuserande glaslinsen. Armaturen kan användas i sitt grundutförande eller i mängder av variationer med hjälp av olika glas- och metallskärmar. Compose är lättplacerad och kan t.ex. hängas i harmonisk linje över konferensbordet, som kluster i hotellfoajén eller som solitär över ett cafébord.

”Jag vill att COMPOSE ska bli som ett verktyg, nästan likt ett instrument, där den vackraste musik kan komponeras” Jens Fager 2020

Detta är COMPOSE första steg i en evolution av en ny serie armaturer.

A new, playful series of lamps; carefully considered and designed to the smallest detail. COMPOSE, with its distinctive cast aluminium body, contains the very latest technology, including LED lighting and the opportunity of DALI control in large public environments. COMPOSE and its modular design works excellently as a pendant in its basic form or allows countless compositions due to the large number of variations in glass and metal shades. That makes it suitable for many projects. Both in repetition, as clusters in a hotel lobby, as well as single lights over a café table. The diffuse lens helps spread a pleasant and gentle light.

"I want COMPOSE to be like a tool, almost like an instrument, where the most beautiful music is composed," says Jens Fager.

This is the first phase in COMPOSE's evolution and series of lights.
