HAZE

PENDLAR/PENDANTS

ZERO**HAZE**

PENDLAR/PENDANTS

**Utförande**

Kupa av opal akryl. Träringar av ask. 3D vävt polyestertyg.
Vit, svart alt. petroleum. Andra färger på förfrågan

LED info

Systemeffekt 16W, 17W. Armaturlumen 468LM, 656LM. Korrelerad färgtemperatur 2700K, 3000K. Färgtolerans SDCM 3. Färgåtergivning CRI 80, CRI 90.
16401 - L80 50.000h.

Montage

Pendlas från tak i 2,5 m kabel.

Anslutning

DCL takkontakt alt kopplingsplint 3x4 mm², vid dimmbar 5x4mm².

Design

Samuel Wilkinson 2020.

**Finish**

Shade cover in 3D woven polyester fabric from Camira in white, black or petroleum..
Inner shade in opal acrylic. Wooden ash rings.

LED info

System power: 16W, 17W. Luminaire Luminous Flux: 468LM, 656LM.
CCT 2700K, 3000K. SDCM 3. CRI 80. CRI 90.
16401 - L80 50.000h.

Installation

In ceiling, 2,5 m cable.

Connection

DCL ceiling-plug or terminal-block 3x4 mm². When dimmable 5x4mm².

Design

Samuel Wilkinson 2020.

Haze pendelarmatur är en modern tolkning av en orientalisk lykta med krage som täcker en rundad form. Haze har ett skräddarsytt 3D stickat hölje som kramar tätt runt kupan. Träkrage över och under döljer tygets ändrar och håller det snyggt på plats. Namnet Haze anspelar på blekningseffekten runt kanten. Denna effekt skapas när ljuset gradvis maskeras av stickningen när det sveper runt den rundade skärmen. Haze fungerar lika bra på kontoret som i hemmet och passar både på egen hand och i grupp.

Samuel Wilkinson: "Idén kom oavsiktligt när ett 3D stickat tyg hamnade på en rund form i studion. Av en slump märkte vi att denna blekningseffekt uppstod på grund av tygets tjocklek, ljuset och den runda formen. Sedan förfinade vi detaljerna för att sammanfoga alla delar på ett snyggt sätt."

Haze is new pendant lamp that is a modern interpretation of an oriental lantern with collars capping a rounded form. The lamp features a bespoke 3D knit stretched cover that hugs tightly around the globe with wooden collars top and bottom to hide the ends of the fabric and keep it neat. Named HAZE after the visual fading effect around the edge. This effect is created when illuminated light is incrementally masked by the knit when as it wraps around the rounded diffuser. Haze has a soft approachable personality due to its friendly form and approachable materials with the knitted melange fabric and natural wood. Haze would sit as comfortably in the home or in the office and would work well on its own or in a group.

Samuel Wilkinson: "The idea arrived by accident after testing some 3d knitted fabrics for another project on top of a round form in the studio. By chance we noticed this hazing effect that happened as the light faded around the form due to the thickness of the fabric. From this discovery it was a case of developing the elements to refine the design and try to bring it together in an attractive way."

Haze 3D knitted fabric information -

Camira Technical Knitting uses state of the art flat-bed weft knitting technology for an environmentally benevolent waste free manufacturing process using just three basic inputs – yarn, electricity and gentle steam finishing. Each 100% polyester filament yarn used is certified to the global Oeko- Tex Standard 100 which prohibits the use of harmful substances in textiles known to be hazardous to the environment and human health. Every cover produced is also accredited to the independent and 3rd party verified EU Ecolabel environmental standard for textile products.
