

ISO

#6620 Two-Seat Units with #66-L, #66-R and #66-B-2 Privacy Panels. Shown with Savina Tables as well as GoGo Lounge Chairs and Popover Poufs by Encore.

Storage cubby includes power unit as standard, with optional rotating tablet for added functionality.

## ISO

Combining the comfort of a lounge chair with partitions for privacy, Iso provides a welcome and quiet space to sit, work and focus. Seating and panel elements can be configured together to create stand-alone modules, clusters of single-user spaces, or expand into multi-user settings for various meeting requirements. Wherever personal or private space is needed within open environments, Iso has it covered.

#6620 Two-Seat Units with #66-L, #66-R, #66-B-2 and #66-E Privacy Panels. Presented with Co-op Meeting Table.

Arrangements consist of #6620 Two-Seat Units with #66-L, #66-R and #66-B-2 Privacy Panels. Paired with Flirt Multipurpose Tables plus Faction Guest Chairs by Encore.

#6620 Two-Seat and #6610 Single Seat Units paired with Nios Guest Chairs and Betwixt Occasional Table. Also presented with Melina Meeting Tables by Encore.

## ISO

Uniquely qualified to serve open-style seating as well as create individual enclaves, Iso can do it all. Its modern aesthetic features channel back stitching and includes an upholstered trim that can blend in for quiet sophistication or stand out to be noticed in the best way possible. Privacy panels, a rotating tablet, power accessibility and casters for ease of mobility are the many ways in which models can be dressed up, or dressed down, making Iso the center of attention in any space.

#6610-R-TA01 Single Seat Units with Cubby and Rotating Tablet. Configured with #66-B-1C, #66-L and #66-R Privacy Panels.

LOUNGE SEATING
