## Riza by jehs+laub

The Riza Table by jehs+laub possesses a unique aesthetic and refined style that complements any space. From cafes to meeting spaces, Riza offers boundless flexibility with stunning visual details for an intriguing result. Riza's base design pays careful attention to the scale of the material, with tubular steel legs featuring soft, sweeping curves. The result is a visually light and uncluttered table design that pairs beautifully with a range of applications and seating options.

Sturdy and versatile, the Riza tables are an elegant solution to much-needed surface space in the office and elsewhere. The clean, graceful lines of the pedestal and legs draw the eye to the tapered, charming details that make Riza unique. Each complex base offers unlimited flexibility and is available in over 30 standard powder coat finishes, allowing for any activity that requires an inviting work surface—big or small. Equally suitable for meeting spaces or café settings, this versatile table comes in a choice of sizes and many tabletops and finishes options.

The epitome of versatility, Riza was designed to also pair with a range of pieces within the working-height lounge seating category, including the new Cantina Lounge. Building upon the collaborative spaces that the Cantina Lounge Collection provides, the Riza tables complement the unique design details of many working lounge series without overwhelming the interior.

Markus Jehs and Jürgen Laub met each other during their academic studies of industrial design in Germany and became friends after an internship in New York in 1990. Shortly after they graduated, they set up their studio, jehs+laub, in 1994. From that time on, they started to design furniture and lamps for Italian companies, such as Cassina, Ycami and Nemo. They soon expanded their collaboration with brands like Fritz Hansen, Knoll International, Renz, Stelton, Schönbuch, Cor and Wilkhahn. Davis Furniture began its long-standing collaboration with jehs+laub in 2009, and since that time, the designers have created multiple award-winning collections, including the Ginkgo family, A-Collection, Poise Occasional tables, Sachet, Reed and Hue, to name a few.

Founded in 1944, Davis Furniture is a leading voice in the contract furniture industry focused on placing Design at the center of every initiative while looking to the future of the workplace. Davis offers cutting-edge, innovative and aesthetically pleasing products designed and manufactured to benefit the functionality of the user and the interior.
