INTRODUCING A NEW SIZE OF THE WORKSHOP TABLE FOR THE HOME OFFICE

In the spring of 2020, the Workshop Table by award-winning designer Cecilie Manz for Muuto was introduced. Now, the table is introduced in a new, slimmer size, designed to fulfill the needs of the modern home office.

Joining together the ideals of Scandinavian craftsmanship and subtle detailing, the Workshop Table has a deliberately simple and archetypal expression. The Workshop Table translates the understated elements of timeless elegance into a simple design. Here, the seamless integration of the tabletop and legs echo the refined sentiments of the Scandinavian design heritage, making for an elegant detail.

With the new, smaller size, the Workshop Table boasts an elegantly slender proportion for both smaller and larger spaces, be it the modern home office, co-working spaces, hotel rooms and the like, always infusing the room with refined feelings of Scandinavian design.

CECILIE MANZ ON THE DESIGN:

"The Workshop Table is a design that is pared down to the essence. Deliberately simple in its expression, the table has an almost archetypal appearance that comes from a wish to make as little noise as possible—the details and joints are doing all the talking."
