

Clear Design Launches The Ventus Task Chair

This new chair combines multiple intelligent features providing all-day comfort and flexibility for the workspace

San Antonio, TX | June 2, 2022: Clear Design announced today the release of The Ventus, an exciting addition to the line of task chairs in its FAST Program. The Ventus is a highly ergonomic solution to office and workstation seating that features an automatically adjusting weight balanced synchro-tilt mechanism and provides users with many adjustments, including; armrests, chair height, 3D lumbar support, and seat depth, allowing for increased comfort and improved posture throughout the day. With 12 colorways available, you can customize the chair to compliment any space.

“We are beyond excited for the addition of The Ventus chair. It has come to fruition through combining intuitive, user-centric design with rigorous testing. This is a game-changing addition to our line of task chairs in the FAST Program,” says Director Luke Warrilow. “We believe it will add a new level of flexibility and customization for our dealer partners, backed by our industry-leading warranties.”

Other features and benefits of The Ventus include:

- Breathable mesh back
- 3 Frame/Back color combos
- 4 Seat cushion colors
- Synchro-tilt mechanism with multi-position locking
- Automatic weight-balanced tension adjustment
- BIFMA Certified

For more information about The Ventus or the many lines of benching, height-adjustable desks, conference furniture, training tables, and more for the entire workspace, visit
