Finishes & Options

Metal

Tougher than conventional paint, our standard powder coats are suitable for indoor and outdoor use. Along with a wide range of colors, our powder coat line offers exceptional protection against harsh UV rays and inclement weather.

RAL Color Finder Program

Choose from over 150+ metal colors that will make your next project feel even more personalized. Visit the resources page of our website to download the full brochure and see all of the options.

Outdoor Upholstery

Our upholstery policy is simple; use nearly any upholstery material you'd like or choose from our fabric partners. We hand-sew and hand-fit fabrics over high resilience foam for superior comfort, appearance, and durability.

For outdoor applications, we recommend using outdoor commercial grade fabrics for the Opla seat pad and Rita Lounge Collection. Be sure to check out the outdoor upholstery collections from these partners:

- Burch
- Kvadrat
- Mayer Fabrics
- Stinson

Standard Metal Finishes

Standard Outdoor Surface Finishes

HDPE

HDPE is a sustainable, GreenCircle certified, dimensional wood alternative — made primarily from post-consumer and post-industrial recycled plastic.

IPE

Ipe is left unfinished — Over time, Ipe weathers to a beautiful grey patina
